Historical - Seattle

Florence's income is sufficient for living expenses now.

This has been my home since 1939 and I want to live here as long as I can.

Preserving and sharing Milton's rock art work is all important.

- Honorary member of West Seattle Rock Club

After seeing Okame Gardens in 1959 at Wenatchee, Milton made a small blue lake. He was unhappy with it and started trying to improve it with rocks. We now have five lakes and five snowcapped mountains.

The Friends of the Walker Rock Garden are mentioned in Florence's updated will as those who are working to preserve Milton's rock work.

The Walker Auto Freight  
became a has-been in  
the summer of 1937. Because  
he had gone to the U. of W.  
and wanted to live in  
Seattle we moved to Seattle  
in the fall of 1937.

When he was working  
for WPA we got a \$10.00  
a month raise because  
a boss saw how he had  
arranged some rocks.

In 1940 <sup>he made</sup> One wading  
pool. When our children  
outgrew it he changed it  
to a flower bed. It is  
now a mountain.
