

Specimen Copy

Dear Seymour -

Don just called home some more "dictation" - He wanted me to give you the names of two companies which can (should) be approached for material donations and support for Grandma Parby's -

JAKE REBAR (good construction name!)

Portland Cement Assc.

Somewhere outside Chicago, Illinois

SIKA Chemical Corporation

Lyndhurst, New Jersey - no name - Don said to refer to Gene Lang in Milwaukee -

He also said, when approaching these companies to refer to the articles about Don + Sharon + Fred Smith Concrete Park

which appeared in Historic Preservation May/June
179 and Concrete International, Dec. '81.

He also said to send a pile of
Painted Forest announcements for you
to do something with -

The diligent go-between -

1/34
