Dear Mary Ann,

Sorry for the delay in answering your letter. It was good to talk to you, and of course we want to do everything we can to support the preservation of Ed Galloway's workshop and park. Enclosed is a draft of a letter which we'll send to your state governor (who is he?) and to all others who seem likely to have an interest in this. We want to write to the OK SHPO, to Kent Ruth, to museums, etc. but we don't have the right names or addresses. Can you see that those get to us? Enclosed is a stamped envelope to make it easier.

If you feel there should be changes in that letter or fact sheet, note those, too. You're more attuned to the local situation than we are and your advice is appreciated.

Make the list of addresses as long as you'd like--we're ready and willing to contact every useful person you can think of on this matter.

Keep us in touch with your work. It's a large but salvable problem, especially considering the local interest in the matter.

Are you still interested in membership and a copy of the book? Let us know.

Best wishes,

Seymour Rosen
Director
