Dear Seymour,

So sorry I didn't get to join the group in Chicago and listen to everyone's stories. I would certainly make an effort to attend a national or regional meeting in the future with advance notice.

Wanted to give you an Orange Show update: we are very proud to have hired a director, Susanne Demchak, from the Chancellor's Office at the University of Houston. She will be programming and intimately involved with the development of the Orange Show as a major cultural resource for Houston.

Hope you had a good holiday. I am leaving Houston for a month's rest and hope to hear from you when I return. Please keep us posted on SPACES.

Warm regards,

Marilyn
