Dear Seymour,

Enclosed you'll find a great article about the Garden. It brought me about 200 visitors on New Years' Day! The Sunnyslope Kozoo Band played old songs including "Happy Birthday" for Thompsons' 100th birthday. It was hilarious! Fortunately, Ron got it on video.

Congratulations! So, now Watts Towers is a National Landmark! It took alot of work, I'm sure.

It seems as though I now have about 12 people who can recognize the value of the Gardens. I'll be calling my first meeting. We'll probably start a "Friends" group. I guess we're entering a new phase.

Yvonne
