Dear Flo,

Thanks for your letter about Holy Land USA. The article you sent was rather scary, it sounds like they want to level the place and make another Disneyland.

We wrote a rather gentle letter to the Sister, saying we would like to help them save Greco's work. I felt if we are on talking terms it would give more leverage to cause some change. We brought up developing an historic document on the site, so at least (or worst) there will be a record of what Greco did.

We might do an article on the problems in a newsletter. Do you know of any documentation the site?

Did we leave out much in our museum survey?

Keep up the good work. My best to Jule.

Sincerely,

Seymour
