Terms

Payment for the goods purchased must be made by the 15th of the month following purchase. If payment is not received by the 27th of the month following purchase, these amounts will be past due and a FINANCE CHARGE will be added to the past due amounts equal to five percent above the rate established by the Federal Reserve Bank of San Francisco on advances to member banks under section 13 and 13a of the Federal Reserve act (ANNUAL PERCENTAGE RATE) and may vary from time to time. If the rate established by the Federal Reserve Bank of San Francisco mentioned above decreases, the ANNUAL PERCENTAGE RATE will decrease; if it increases, the ANNUAL PERCENTAGE RATE will increase. The FINANCE CHARGE applied to your account is calculated by applying the periodic rate to the adjusted balance of your account. The adjusted balance is determined by taking the balance you owed at the end of the previous billing cycle and subtracting any payments and credits received during the present billing cycle.
