**"FOX AND HOUND"**

Even without the blow of the bugle and the baying of hounds, you can imagine yourself in the English countryside during your stay in our "Fox and Hound" Suite.

This two-story suite, with a quiet, peaceful living room, is done in handsome polished woods and brick, with polished redwood-round floor and rock fireplace. The downstairs bedroom is furnished with a king-sized bed, and the upstairs bedroom - 2 twin beds.
