Dear Mr. Cox,

Thank you so much for your most useful and beautiful addition to our archives.

We have a book, for you, in the mail showing Litto and other sites which might interest you.

SPACES also has a need for a map and of Litto's house, immediate grounds and open spaces in his complex. One of your photo's showed a man with a pencil and notepad--was he taking measurements? If so they would be very important, can we get a copy of any drawings also.

Our best,

Seymour Rosen
