Dear Carolyn La Ron -

This is an invitation for you to visit the Underground Gardens while you are in Fresno, while I know that your time is limited and your schedule busy, I feel this invitation is of the utmost importance.

The Gardens will cease to exist if it does not get some help, not charity, I enclose letters, articles, etc. for your review.

This is being written in script and I am signing my full name so that there can be no misunderstanding that this invitation please comes straight from me personally. I await your response -

Sincerely,

Lorraine Ruth Forestiere

To date 9/21/79 - I have not received an acknowledgment that my invitation was received - It was sent by certified mail -
