

NATIONAL RECOVERY ADMINISTRATION  
WASHINGTON, D.C.

October 17, 1933

Mr. Arthur H. Beal,  
611 Garden Avenue,  
Olean, New York.

My dear Mr. Beal:

General Johnson has asked me to reply to your communication of October 11th, and to express to you his appreciation of your interest in the Recovery Movement.

From the hundreds of letters we are receiving daily from all sections of the country telling of increased employment and wages, we feel confident that the public is now solidly behind the President's Recovery Program and that the drive against the economic depression is going to be 100% successful.

Very truly yours,

A. R. Forbush  
Chief, Correspondence Division
