Dear Seymour:

You are beyond wonderful! You made my stay in Los Angeles incredibly productive and extraordinarily stimulating. Thank you for spending so much time filling me full of your wisdom and showing me such wonderful work.

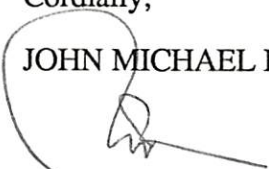

I was thrilled to see the works of John Ehn. I am deeply grateful that JMKAC has been selected as one of the recipients of his work, and I know that the Board and staff join me in thanking you for all you did to make that possible.

After seeing the work, I feel strongly that as large a body as possible should remain together in order to show the breadth of "Old Trapper's" vision. We would appreciate the opportunity to include the cement sculptures, cement works that hung from the trees, as well as the memory boards, signage, and other objects in the collection. We eagerly await the Ehn family decisions.

Have a great summer.

Cordially,
