Dear Bob,

I'm sending you a dub of our segment on the concrete park with our compliments. Thanks for supplying us with the photographs.

I'm returning your check. We decided to call it a fair trade.

We are exploring the possibility of expanding the segment into a longer program. I'll get back to you if that transpires as we might be interested in obtaining more photographs. *

Again, thank you for your help. It was a real stroke of luck that we met each other up in Phillips. It really helped the segment.

Yours truly,

Art Hackett

* Seymour:
you might want
to inquire if they ever
produced a longer program.
