Hello Leonard,

Although we had heard so many good things about your artistic ability displayed at the Love Mountain, we had never gone to see it.

However, yesterday, we did make it a point of going to Miland, to visit your love Mrn. What a great work of art and what a great testimony to all those who visit this monument. It is truly a labor of love. You have given so much of yourself and your time. God will reward you for it.

We will put your post-cards in conspicuous places.

Thank you for giving us the opportunity of having this experience.

God's bless,

Al & Vi Louder
