

The Tree of Life stands at the center of Paradise and represents perfect harmony. The twelve fruits in the branches are your rewards for spiritual growth: wisdom, love, truth, and beauty. Immortality is given to those who eat them or drink the essence from the tree. When I pick up a rock or a piece of wood, I turn it over until I see what's in there-- I'm amazed sometimes at what comes out. Usually the faces look like me, bald on top. Raymond Coins, visionary artist. I talk to trees. There's souls in the branches and roots. I frees them. Bessie Harvey, visionary artist. Each matchstick represents a human being. My work shows the beauty and strength of what can happen when people work together. Gerald Hawkes, visionary artist.
