

Brush & Associates

January 7, 1998

Dear Seymour,

It was great to see you out at Leonard's for the balloon lifting. I'm sending you a couple of copies of the Santa Barbara Magazine article if you can use them. Also sending you a new year's card returned because I failed to put a stamp on it.

Spent New Year's eve for the third year in a row out at the mountain with Leonard. Enjoyed a lovely New Years Day brunch of "slab jack" as we refer to them. Hope this note finds you well and that 1998 is filled with more new discoveries. Keep me posted... Fran and I just may be ready to do another show in the next few years.

Stay in touch.
