

Tuesday. June 12-84

Dear Robert:

Thank you for being so patient - waiting for an answer from Ed.

Really we don't have much to tell you about the Ellsworths - Ed used to take them over there in the spring with the boat when they came up - hauling in the supplies for the summer. I know they never used to bring a clock or watch along - possibly not even a radio.

I just made a call and was told the Ellsworth gardens

To Mrs Pearl Davis
9860 Eagle Pass Dr.
Rte 1 Canadian Lakes
Stanwood, Mich. 49346.

as she and her brother
Thor Herseeth bought the
furniture from Mrs Ellsworth
in the late 70's.

Thor has Tomahawk Resort
Lake Kabetogama
Ray, Mn 56669.

I just called him but
they have no address either.

We had heard the Park
service hauled in some
gravel into the shore line
over there (at Ellsworths) to
keep it from washing out

Now belong to the Park Service
and they have put in a
New dock over there - & Steps
& picnic tables -

The Kabetogama Lake Assn' was
to try & get it cleaned up,
a little - but as you know
all the Resorters are so busy -
they haven't gotten to it yet -

The last address we have
for Mrs Ellsworth was -

4805 $\frac{1}{2}$ N. Hermitage Ave.

Chgo 40, Ill. 60600
& that was in 1974 when

Jack died -

You could possibly write

any more - because they
felt there may have
been an indian settlement
there @ one time - I know
the Ellsworths did find
arrowheads there.

Hopefully this has been
of help to you -
If at Kab. Stop in.

Sincerely

Eddie & Nettie Brown.
