Dear Mr. Hume

Thank you so much for allowing Friends of the Walker Rock Garden to quote you in our brochure. Your contribution will be extremely helpful! I've included a copy of the text so you can see (approximately) how it will appear. The finished product will be a little more graceful, two panels and an attached envelope, the empty boxes replaced with photographs of the arches and fountains. We're very excited about this project.

Below is a simple release form you can sign and return to us in the accompanying stamped self-addressed envelope.

Sincerely,

Ruby Smale
