In answer to your questions, here is the plaque that is placed in front of the Garden of Memories:

In July, 1982, the Lord gave me a vision of a garden. The Lord told me three times to make it very beautiful. He said, to confirm this, that He would give others visions, too. Jesus also said that through the garden, He would build a church.

The Lord gave my wife, Jewel, the vision of the Chapel. A short time before Jewel's vision, the Lord impressed upon Dick Birge to sell us this property.

The crucifix was carved by Dick Birge, who worked diligently to bring God's work to pass.

The members of Walnut Grove Church and many others have given their time and effort to see that this vision was completed. This vision was confirmed by Ez: 36. The church was completed in 1988. May God bless all who participated.
