Dear Steve ~

We all have high hopes that the foundation Kish will be able to do what we've not been able to accomplish.

I wish to request a board meeting with yourself, Joseph, Michael, Elisabeth & Seymour. perhaps towards the end of the month. Possibly we could do a conference call.

I have a lot of questions. Knowing that Kish is capable of obtaining the objectives is important. And just what do they propose to do?

We need to have an accounting of funds since the meter has been sold, so we know just where we stand.

Elisabeth should be issued a check for all of the work she's done up to this point. And funds allocated for her future work in organizing Art's Archives.

The filing fee for the state has been taken care of & assured.

Let's talk soon.

Sincerely,
Jo Anne
