Dear Mr. Barr:

Through the Kansas Grassroots Arts Association newsletter we read that Coral Castle is for sale.

SPACES is a national non-profit organization devoted to the documentation and preservation of folk-art environments. We are currently focusing on such sites in the United States but are also expanding our efforts to Europe. Some time ago we had been in contact with the park managers, to whom we had sent some printed information about SPACES.

We would very much like to find out more about the possible sale of the Coral Castle. We are compiling information and articles for the next newsletter, and would like to have an update on the Castle. We would very much appreciate any help you can give us, including ↩

~~Would you be able to tell us~~ the name of the realtor who is overseeing the sale of the Castle? Are there any definitive papers on Leedskaľnin that you are aware of? We have sketchy information about him in our files, and would therefore be interested in finding out about whether any personal papers, etc. exist.

We hope these requests do not overwhelm you. Thank you for your time and assistance.

Sincerely,

Cynthia Pansing  
Assistant Director
