Dear Bud,

Here is my list at long last.... It has been a real bear of a job sorting through our various lists but it certainly seems worth it! This list reads like a "who's who" of Mexico and the US. The most important thing about this list is that all these people (I hope) will actually take phone calls and are ready to help!

Please merge with your list and let us see what happens....

I have divided the list into several categories which may help with actually using the list for promotion of fund raising.

Let me know how it goes with the Getty, I can't wait to hear! I will be in Xilitla from this Saturday until around the end of August.

Can't wait to see you down here, the rains have finally started, and this place couldn't be lovelier .....

avery d
