Dear Rick,†

I was quite moved by your letter...and understand the frustration you are going through to keep the gardens from being destroyed.

The show has created some interest in the preservation of monuments like your uncle's and we are trying to get the State to make an overall judgement as to their worthiness.

Please keep me informed as to what is happening and please ask Dr. Smith to contact me as to his plans. We can probably accomplish more by working together.

Some time soon I would like to be able to finish my photo documentation of the Gardens and will give you plenty of notice.

Wampler's book will be selling for about \$20.00 so don't bother sending a copy...I will pick it up on my own.

Hope to see you soon ----- keep up the fight.

Sincerely,

Seymour
