Dear Art: - Thought you might like this picture of your beautiful steps. Tried to get some of the terraces but the flowers have grown up to hide them. Hope next year we will have low growing things in them, so as not to hide your rock work.

Art, I do wish you could know how much pleasure your work here gives me. Everytime I look at the patio and the steps and terraces I thank God for sending you to us and giving you the inspiration to do these lovely things for us. If it were not for you I do not have this ~~state~~ elated and grateful feeling everytime I look out our window.

Surely wish it were possible that we could pay you in money what you are worth. But hope it will compensate in some way for you to know that it was in your power to give me the most pleasure I have ever known, except the artistic

worke you have done for us.

May the Lord bless you, and enable you
to prosper and be happy always.

Affectionately and gratefully,
Your and Jack's.
