Dear Seymour,

Enclosed is a flyer titled "What's Happening With Bottle Village?" It is a real rough draft of a mailing we're going to do (thanks to a grant) and I would love to have your feedback.

Does the idea of Joanne & I taking our involvement, the general gist of the flyer, scare you? Is it motivating? Are there unanswered questions?

If you will, please write your thoughts down or give me a call, it would sure be helpful. Feel free to scribble right on the flyer. (the pink "Pave the Way" flyer will be attached in the mailing).

Hope to hear from you soon.

Sincerely,

P.S. Thank you for sending on the Art Center Students. It's always helpful that you pass on the info to others... thanks!
