Thanks for your letter with two songs for Folio and deposit of \$6.

This leaves the balance at only \$21. which you may send in payments.

Thanks for copies of your other two songs. Did you want them in Folio, too?

I shall check the copyrights on your other songs and I'll see to it that you get them, in the very near future.

Have you any other new songs that need music? If so, let me know and I'll be glad to write the music to them at the old price.

Yours truly
