Mr. Leonard Knight
PO Box 298
Niland, California

Dear Leonard:

Thanks for sending the additional postcards of Salvation Mountain and writing to tell me about your plight in trying to get the mountain saved.

When I was in Baltimore recently, Rebecca Hoffberger gave out literature about your art and asked all the people that had come to her new museum to write in behalf of saving your art. I hope everyone does.

I wrote to Mr. Gaston. I also had a friend of mine who is a college art professor write on your behalf. We are also sending a letter to CBS-Television in hopes that 20/20 might want to do a segment on the mountain and your work.

I hope you are successful in getting the place perserved.

Sincerely,

Joe Adams
